

Script translation log:

Candidate:	WHOLE OF PARTY
Party:	National Party of Australia - Victoria

Final Text approved by Candidate:

Hi, my name is Peter Walsh. I am the Leader of The National Party in Victoria.

The National Party is for people who live and work in country Victoria. This means all of the parts of Victoria outside Melbourne. Our Party is more than 100 years old so we have been working to make life better for people in country Victoria for a long time.

We try to make sure that Victoria's leaders listen to the needs of people living outside of Melbourne. We want to make sure they get the services they want and need.

If the Nationals are elected, we will work to make country Victoria even better than it already is.

We want to make health services better and easier to access in country Victoria. This includes making hospitals better, and getting more doctors into country Victoria.

We will also make the roads in country Victoria better and safer.

We will make it cheaper to live your everyday life. This means things like how much it costs to put petrol in your car, buy food or clothes, and pay your bills.

The National Party has candidates across Victoria. All of our candidates are looking forward to supporting their communities when they are elected.
